

We would like to remind our customers that the Jubilee Restaurant is a training establishment where catering students learn to cook and serve freshly prepared meals.

All students have to complete numerous skills assessments to enable them to achieve their qualification, may we kindly ask that for parties of six people or more that you do not all select the same dishes on the menu, as we cook a limited amount of portions to try and keep our prices as low as possible and to give students the opportunity to prepare each dish in equal portions.

Thank you

The catering team and students look forward to welcoming you and your guests to the Jubilee Restaurant.
